

Vevo for beautiful,
traditional and heritage
windows.

vevo[™]
Let the **light** in

Relax. There is always a solution with Vevo.

Owning a heritage or listed building comes with the responsibility that you are conserving a piece of history and often this means you are restricted to what you can and can't do with your windows. The heritage and style of your residential or commercial property is reflected in the appearance of your windows and this is something not lost with Vevo products.

Our high quality aluminium windows are recognised as the preferred choice by many architects, planners and home owners.

When you need to keep the style of your building's original windows and you cannot detract from the aesthetic or character of your property, there is a solution, the Vevo.

Vevo offers practical, elegant aluminium windows that enhance and protect your property. Each one expertly designed and made; a thing of beauty, security and durability installed by craftspeople who care.

Vevo is designed to offer a modern aluminium thermally broken replacement to steel windows.

Taking inspiration from traditional steel windows

Features include:

- Slim sightlines.
- Polyamide thermal break technology giving enhanced thermal efficiency.
- Vevo means more than just windows – it's about improving your property whilst maintaining the authentic look you require.
- Attractive look and feel.

Vevo : Style and strength without compromise

More than just windows.

Choosing Vevo means you can be sure your windows will always be built to your specification, using the highest quality materials and with years of expertise.

vevo™
Let the **light** in

Vevolution windows provide the ideal solution for heritage applications such as listed building renovations and large scale replica refurbishment projects where planning constraints may be an issue.

Made to virtually any specified dimensions. They're an architectural classic, offering a huge range of frame colours, glazing options and handles, the choice is yours – but the quality is always the highest. That's Vevolution.

The contemporary styling includes slimmer frames which are sleek, unobtrusive in appearance and maximise the area of glass in your windows. That means more natural light and a clearer view of the outdoors.

Applications

- Fixed windows
- Single or double sash open out casements
- Top hung open out casements
- Dual colour available. (The internal colour of your frame can differ from the external i.e White inside / Black outside)

The technical bit

Profile Width :
Varies depending on design considerations.

Frame Depth :
47mm

Glass :
24mm

'Clearly better by design...'

Vevolution windows will transform your property like no other product.

**We believe they're the best on the market;
that's why we offer them to you...**

Secure & safe

Rest assured, your property will be protected from unwelcome visitors. Vevolution windows are fitted with high-security locking mechanisms and are internally glazed.

Latest technology

Vevolution products use the latest polyamide thermal barrier technology. This advanced profile technology creates a barrier between the cold outside and the warm inside, keeping you warm and comfortable even in the coldest weather and helping to reduce energy bills. The sashes are designed to take 24mm double glazed units.

Finished to perfection

Our profiles are finished in polyester powder coated paint and are available in a huge range of colours and finishes that includes dual colour, realistic wood structure and metallic paint options. The polyester powder coated paint finish is produced to the highest standards and quality is guaranteed for up to 25 years. We can match almost any colour - a real benefit where planning consent may be an issue.

Total peace of mind

Vevolution products require minimal maintenance and are guaranteed to never rust, rot, flake or peel. The occasional wipe down with soapy water will keep them looking as good as new. For your peace of mind we also offer a 10-year guarantee on the installation as a whole.

**'A choice of
colours opens
up a world
of possibilities'**

More than just windows.

Choose from our extensive range of Vevo products and enjoy the highest quality as well as professional design and installation. By providing beautiful windows, we aim to enhance your home or property and lifestyle. They'll protect you from the elements too, keeping you cozy in winter and improving ventilation in the summer.

People you can trust.

We only employ experienced installation technicians and salespeople. Along with having the finest products in the business, it's the key to your quality installation. First you get sound advice. Then your windows are professionally fitted to the highest possible standard for your lasting satisfaction.

With glazing technology changing so fast, you won't want to miss out. Naturally, we keep up with all the latest developments, so you can enjoy the best from the glazing industry.
