

Energy efficient
and beautiful looking
uPVC windows & doors.

vevo[™]
Let the **light** in

'Energy efficient and beautiful-looking uPVC windows and doors.'

A friendly approach to improving your home.

Do you want a refreshingly unpressured and knowledgeable approach to choosing uPVC windows and doors? As your local, independent windows and doors specialist company, we offer you a relaxed and friendly service, and great value.

Choose from our extensive range of Vevo products and enjoy the highest quality as well as professional design and installation. By providing beautiful windows and doors we aim to enhance your home and lifestyle. They'll protect you from the elements too, keeping you and your family cozy in winter and improving ventilation in the summer.

People you can trust.

We only employ experienced installation technicians and salespeople. Along with having the finest products in the business, it's the key to your quality installation. First you get sound advice. Then your doors and windows are professionally fitted to the highest possible standard for your lasting satisfaction.

With glazing technology changing so fast, you won't want to miss out. Naturally, we keep up with all the latest developments. So you can enjoy the best from the glazing industry.

More than just windows & doors.

Choosing Vevo means you can be sure your windows and doors will always be built to your specification, using the highest quality materials and years of expertise.

The result? Practical, elegant windows and doors that enhance and protect your home. Each one expertly designed and made; a thing of beauty, security and durability installed by craftspeople who care.

Vevo means more than just windows and doors – it's about improving your home and enhancing your lifestyle.

vevo™

Let the **light** in

Vevo windows, doors and conservatories will transform your home like no other product. We believe they're the best on the market; that's why we offer them to you...

Your home is your security. A place to relax, work and play. It holds memories and is your investment in the future. That's why it's so important for you to choose carefully from our range of high quality Vevo products.

From rustic to contemporary, Vevo windows, doors and conservatories improve your home's energy efficiency, enhance your lifestyle and help keep your family secure.

Our approach to quality.

Your satisfaction begins with our commitment to quality in these areas:

- Latest technology products
- No pressure selling
- Friendly site surveys
- Professional installation
- After-sales and a warranty you can count on.

Expect the highest standards.

Years of experience, advanced manufacturing and thousands of delighted customers mean you can have complete confidence in our products and services.

Your 'local, national' window company.

We're here when you need us. A local business with a hard-won reputation and satisfied customers. A skilled window and door installer backed by the expertise of a major national manufacturer. That's what makes us your 'local, national' company.

Let Vevo windows transform your home.

Trusting us to use Vevo products to transform your home and lifestyle brings exciting choices. Not least, the opportunity to choose from an almost limitless range of colours, profiles, textures and styles for the look you want.

Each Vevo window is crafted to your exact specification and measurements. First we talk with you about your lifestyle, tastes and glazing requirements. Then we design the windows you need: casements, sliding sashes, period style or one-off specials. The choice is yours.

Durable, professionally-designed Vevo windows keep your home warmer and cosier, quieter and reassuringly secure. Vevo products put cash in your pocket through energy savings, give you peace of mind through long winter nights and help shape the living space you've always wanted.

All Vevo windows are tailored to your home.

Made to virtually any specified dimensions. They're an architectural classic, offering a huge range of designs, frame colours, glazing options, handles and window board finishes. The choice is yours – but the quality is always the highest. That's Vevo.

The contemporary styling of Vevo uPVC windows includes slimmer frames which are sleek, unobtrusive in appearance and maximise the area of glass in your windows. That means more natural light in your home and a clearer view of the outdoors.

VevoSculptured.

The sculptured option gives a more curvaceous, traditional decorative finish to your window.

Available with two distinctive styles of beading.

VevoChamfered.

The chamfered option creates a symmetrical, contemporary, straight-edged style and might be considered a more modern look.

Frame finishes.

Whatever your preference, choose between our classically elegant **VevoSculptured** frame finish or the clean lines of **VevoChamfered**.

As always with Vevo it's about choice. You can have fully sculptured or fully chamfered, frames and beads, or mix the two – chamfered frames with sculptured beads.

Special colour options.

The molecular cross bond process of Kolorbond means that the choice of colour for your windows is truly yours. Available in all standard RAL and BS colours.

Colour can be applied to uPVC window frames, doors, conservatories and fascias. Guaranteed to adhere to the plastic and is extremely colour stable and resistant to UV.

Standard colour finish options.

S Sculptured **C** Chamfered **G** Grained

uPVC Bi-folds also available in natural oak on white. (See Bi-fold doors section).

‘The only limit is your imagination’.

Choose a style.

As you'd expect, we give you a great choice of styles to suit how you use your home. From classic casements to sliding sashes and tilt and turn easy-to-clean windows, the choice, as always, is yours.

Modern casement windows.

Vevo casement windows represent the very best in terms of style and security and will complement any home where either a classical or contemporary style may be required. They are an absolute architectural classic where the options of colour, finish and detail are limitless.

Traditional sliding sash windows.

When you want the best of both worlds, the traditional visual appeal and versatility of sliding sash windows meets low-maintenance, rattle-free modern construction in Vevo vertical sliders.

Tilt and turn windows.

When you need a window suitable for large-sized openings in multi-storey buildings, tilt and turn windows are the perfect solution. Large windows create unobstructed views and a feeling of space and light whilst giving you the practical benefits of easy maintenance and cleaning.

Period-style optional glazing.

Are you looking for a more traditional glazing appearance? If so, Vevo period-style glazing is an excellent way to combine modern energy efficiency, low maintenance and practicality with the charm of period features such as Astragal Georgian, leaded or stained glass.

Horned sashes.

A casement opening with a finish to the sashes in keeping with your home. Shown here with the internal Georgian bars. Horned sashes give your home the traditional look with all the benefits of a new window.

Arched inserts.

Again, for the traditional look, arched inserts (or swept heads) can give you the look of old, combined with all the benefits of new.

Leaded windows.

A wide choice of leaded designs are available to closely match your existing windows. There are also two different colours of lead, antique and standard as shown.

Antique

Standard

Standard & Astragal Georgian.

For Georgian bar with an easy cleaning option the internal Georgian bar is a must.

The Astragal Georgian bar is surface mounted and has a sealed unit with back to back spacer bar for a truly authentic look.

Standard internal
Georgian bar

Georgian bar

Shaped windows.

A window does not have to be square. Vevo can manufacture windows in all shapes and sizes and are happy to undertake more difficult installations. Arched, round or simply 'angled' we can provide the solution.

Every type of door for every style of home.

Not just front doors...

Style and performance don't stop at your front door. With a range like ours, you can be sure we've got a product to transform any entrance around your home. From French doors and period-style doors to the most contemporary sliding patio doors and bi-fold doors, the choice, yet again, is yours.

French doors.

Imagine throwing open your new Vevo French doors on a beautiful summer morning.

Think of the style and spaciousness that you and your family will enjoy. The fresh air, light and enticing summer aromas when the weather's warm and the advantages of durable, low-maintenance, energy-efficient uPVC.

By combining the following, Vevo French doors make a brilliant addition to your home:

- Beauty
- Style
- Space and functionality
- Safety
- Security
- Insulation.

Patio doors.

Patio doors are stylish, contemporary, practical and perfect for enhancing any home.

Imagine looking out over your patio and garden, or enjoying the flood of natural light into a favourite room. Whatever the season, our patio doors add wonderful new dimensions to your home.

Each elegant and eye-catching patio door is designed and made just for you. Choose from a great range of styles and glazing options. And relax, knowing high-spec materials and advanced security features are keeping your most valuable asset and its contents safe.

Period doors.

Are you seeking a classic look?

The best features of traditional doors with the practical benefits of modern design and materials? When you want to make your mark on an older property, Vevo period doors are perfect.

From tastefully reproduced Georgian bars to leaded glass designs, each Vevo door is made to measure and can be tailored to your specification. Just think of all the ways we could transform your home.

Stable doors.

A taste of the country is also an option with our stable doors.

‘ Enjoy years of draught-free comfort and warmth ’.

Vevo bi-fold doors. Letting the outside in.

Beautiful, precision-engineered bi fold doors in uPVC or aluminium, that will transform your living space.

VEVO panoramic bi-fold doors seamlessly connect your outdoor and indoor living spaces. These superb panoramic doors offer the latest in design, quality and performance with low maintenance. Once folded back, they create a large opening with a low threshold for easy access.

Clever design features, a choice of opening configurations and a wide range of colour options the choice yet again is yours.

uPVC bi-fold doors

- Market-leading looks – Ultra-slim frames for a larger glazed area to create maximum space and natural light.
 - Easy-use unique D-handle – this ultra-stylish sprung design allows the doors to fold back flatter, creating unimpeded views.
 - Enhanced safety – A discreet lever on the D-handle prevents the security shoot bolts from accidentally engaging when the door is open – stopping damage to your floor coverings and your door.
 - Perfectly secure - Total security is achieved without compromising on looks thanks to fully concealed stainless steel anti-jimmy pins that prevent the doors being leveraged from the outside.
 - Smooth, easy glide operation – A built-in four-roller aluminium track allows smooth and effortless opening.
 - Ultimate energy-efficiency – High-tech triple weather seals keep you free from draughts, bringing you peace, quiet and warmth!
- The biggest drawback with most uPVC bi-fold door systems has always been the high threshold, many being 120mm high or more. With a Vevo bi-fold the standard threshold height is only 66mm.
 - The uPVC bi-fold is available in all the same colour options as the entire window and door range, with the additional standard colour option of Natural oak on white.

‘ Bi-fold doors are available in a wide variety of colour finishes and options ’.

Aluminium bi-fold doors

With Vevo products there is always an option. The option of aluminium provides additional strength and durability.

Thermally efficient they contribute to a reduction in heat loss and the cost of heating bills providing warmth and comfort.

The rigidity of aluminium sections means that these bi-folds show more glass and less frame than the uPVC option. In a white finish, they blend in seamlessly with a uPVC conservatory.

The strength and durability of aluminium also make them the perfect choice for commercial applications such as restaurants, cafés and bars.

Colour Options

The standard finish for an aluminium bi-fold is white (powder coated) and guaranteed for up to 25 years, (although can be scratched if mishandled). Alternatively, any RAL colour is possible. You could choose one colour inside and another outside.

To make a real feature of your bi-fold there is also a wide choice of metallic finishes.

System Features

- Attractive, slim-line profiles offer reduced sightlines.
- Low threshold option.

Vevo: keep the heat in!

Why choose energy-efficient windows?

You'll save money with the latest energy-efficient windows. And you'll be doing your bit for the environment too. Nearly a quarter of the heat loss from a typical home is through its windows. That's why it makes financial and environmental sense to fit the most energy-efficient windows that you can.

Rising energy bills? We can help.

In 2006 the British Fenestration Ratings Council (BFRC) introduced its Window Energy Ratings (WER) initiative for replacement windows.

We supply the latest energy-rated window systems with BFRC ratings from a highly-commendable 'C' to the highest 'A' rating. As you'd expect from Vevo, thermally efficient windows are available in a wide variety of styles to suit any property. From simple casements to sophisticated tilt-and-turns and sliding sashes, we've got a beautiful WER-rated Vevo window for your home.

With home energy bills set to keep rising, it makes sense to keep the bills lower, fighting back with the latest glazing technology. We'll help you keep cash in your pocket – with the added bonus of a good feeling from helping the environment.

Keep the traffic noise out!

Global environmental issues and rising utility bills are one concern. But what about the daily annoyance of local traffic noise, loud neighbours and other ambient noise during quiet family meals or your hard-earned lie-in? Double- or triple-glazing your windows and doors has always been effective for improving sound insulation, and there is even acoustic glass for even more noise reduction.

How would a little quiet enhance the enjoyment you get from your home?

Keep the intruders out!

Keeping the family safe and secure

What's your biggest concern when you are considering new windows and doors? Does security for your family and possessions come top of your list? If so, you'll be pleased to learn about the advanced safety and security features designed into every Vevo product that we install.

Nothing's more important than your family's peace of mind. That's why, whichever window or door style you choose, you can be sure they've been designed, tested and manufactured to resist forced entry by an opportunist burglar:

- Key-lockable handles
- Internal glazing and beading
- Stainless steel multi-point door locking
- Laminated glass (optional), toughened as standard on doors.

You want to live in a home, not a fortress. That's why our products are designed for the practicalities of daily life – including features such as locking window-handles with push-buttons that allow secure night-time ventilation.

Whilst the standard components used to manufacture our Vevo doors have all been designed and tested to pass the most rigorous security tests, the most security conscious customers may wish to add the option of 'rhino bolts' to further secure the hinge side of the door.

' Don't lose your keys.
You won't get in
without them! '.

' Only our doors and windows have Vevo security locks '.

Let Vevo doors work for you.

With our Vevo doors, your family's safety and security goes hand in hand with stylish appearance and the practical advantages of the latest uPVC manufacturing technology.

uPVC doors.

Few architectural details make such a strong statement as your choice of doors.

Whatever the reason for new uPVC doors, the looks, durability and practicality of Vevo helps you achieve the perfect effect – and makes every entrance special.

Why are Vevo doors so strong?

A good question indeed, especially when your peace of mind is involved. The answer lies in the high quality uPVC reinforced with steel and the other standard security features; designed to exceed the latest security standards.

- Strong multi-point locking systems
- Shoot bolts
- Robust security hinges.

Threshold options.

Not every doorway is the same and sometimes the threshold needs to be thought about too. Vevo uPVC doors come with a range of threshold options and considerations for disabled access too.

- Low aluminium
- Standard uPVC
- Wheelchair access
- No threshold.

Our consultant will be happy to discuss the threshold options for uPVC and aluminium bi-fold doors. Threshold options are not available for Patio doors.

Colour finishes.

Vevo uPVC doors are available in all standard colour finish options.

Special colour finishes.

They are also available in a wide range of distinctive colours and finishes.

The molecular cross bond process of Kolorbond means that the choice of colour for your windows is truly yours. Available in all standard RAL and BS colours. Imagine being able to mix and match doors and coloured-foil door profiles for a look that perfectly complements your property.

‘ A choice of finishes to suit every taste ’.

You can personalise your doors and windows at every stage of your purchase. Not least when it's time to choose furniture options to complement your home décor. From colours to trims and handles, our friendly, knowledgeable sales consultants will help you make the perfect choice from the many available styles and configurations.

Glazing options.

Do you want to make a special statement with decorative glass?

For the ultimate finishing touch to your window and door installation, we've got a great selection of speciality glazing in a variety of colours and finishes:

- Fanlight designs
- Etched glass
- Stained glass
- Leads and Georgian
- Coloured glass
- Satin (sandblast effect).

Handles.

Your choice of handles complements your good taste in windows and doors. Our range of Vevo handles combines security, practicality and aesthetics for a long, trouble-free service life – with colours and finishes to match or contrast with our uPVC products. The range is ours, but the choice is always yours.

Both window and door handles are available in a range of colours :

- White
- Bright Silver
- Bright Bronze
- Black
- Gold
- Satin Silver
- Satin Bronze

Door handles are available in both lever and lever pad style.

The new Monkey Tail handle is now available, for an authentic, aged look. Designed to complement windows in period-style homes, especially with the Vevo white wood-grain finish.

Door furniture options.

It's such a personal choice to complete the look of your new door, but you can select from a stylish range of knockers, letterplates and hinges.

Vevo products are manufactured to the highest standards with a policy of continual improvement in products and materials. We reserve the right to change specifications without prior notice. Please also note that colours shown are for illustrative purposes as the printing process does not allow 100% accuracy on reproduction.

Your Vevo windows and doors come with our 'no pressure sales' guarantee.

Great service and superb Vevo products virtually sell themselves. That's why we've built our business on a philosophy of 'no pressure selling'.

Our customers appreciate this approach, enjoy a gentler consultative sale and value the friendly, honest advice they get from our team. These are the foundations for our excellent reputation as one of the UK's leading independent window and door specialists.

We simply let our windows, doors and conservatories take the lead. Quality, service, reliability, features, choice and value do the talking.

(But you always have the last word.)

The highest quality
and service are at the heart
of everything we do.

Get to know our friendly team and discover how passionate we are about what we do for you. Above all, we believe we offer the highest quality products, fitted by experienced professionals at an affordable price. Backed up, as you'd expect, by some of the best after-sales support in the area.

Experience you can rely on.

As your local installer of Vevo windows and doors, you can count on us for superb products, installation and customer service. Service that begins with your call. Service that continues long after our methodical, courteous, professional installers have left you with a smile on your face.

' No pressure.
No hassle.
Just quality products
and workmanship
at honest prices. '

More than just
windows and doors.

Choosing Vevo means you can be
sure your windows and doors will
always be built to your specifications
using the highest quality materials
and years of expertise.
